# THE AMERICAN JOURNAL OF ROENTGENOLOGY

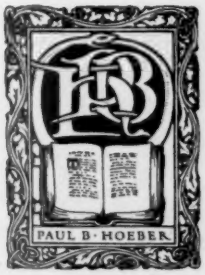
[FOUNDED IN 1906 AS THE AMERICAN QUARTERLY OF ROENTGENOLOGY]

EDITED BY H. M. IMBODEN, M.D.

VOLUME VI

1919

JANUARY TO DECEMBER



NEW YORK

PAUL B. HOEBER, PUBLISHER

1919

COPYRIGHT, 1919,

# CONTENTS OF VOLUME VI

## ORIGINAL ARTICLES

| | | |
|---|---|---|
| Some Observations of Mastoid Structure as Revealed by Roentgen Ray Examination | *Isaac Gerber, M.D.* | 1 |
| A Case of Hydro-Pneumo-Cranium with Air in the Ventricles | *Hollis E. Potter, M.D.* | 12 |
| A Roentgenological Contribution to the Possible Cause of Hereditary Optic Atrophy | *Henry K. Pancoast, M.D.* | 17 |
| Roentgen Ray Examination of the Ureters | *John H. Edmonson, M.D.* | 23 |
| Ventriculography Following the Injection of Air into the Cerebral Ventricles | *Walter E. Dandy, M.D.* | 26 |
| An Improved Device for the Accurate Localization of Foreign Bodies by Means of the Roentgen Ray | *S. C. Barrow, M.D.* | 36 |
| The Practical Use of the Wheatstone Stereoscope | *H. Clyde Snook, A.M., M.S.* | 39 |
| Streptococcus Empyema; a Study of the Condition as Revealed by the Roentgen-Ray | *W. H. Stewart, M. D.* | 57 |
| Some Non-Tubercular Pulmonary Conditions | *Alfred L. Gray, M.D.* | 66 |
| Empyema, Its Pathology in Relation to Roentgen Ray Examinations | *Robert A. Keilty, M.D.* | 70 |
| Roentgenology as a Method of Studying the Natural History of Disease | *Lewis Gregory Cole, M.D.* | 72 |
| Discussions on Lungs | | 75 |
| The Roentgen Rays in the Diagnosis of Appendicitis | *George E. Pfahler, M.D.* | 78 |
| The Roentgenological Findings in a Case of Pyopneumothorax Subphrenicus Dexter | *Sherwood Moore, M.D.* | 83 |
| Complications in Pneumonia | *F. E. Diemer, M.D.* | 86 |
| Roentgen Ray Problems in an Overseas Navy Base Hospital | *Roland Hammond, M.D.* | 92 |
| Cooperation of Roentgenologists and Other Medical Officers | *Myron B. Palmer, M.D.* | 94 |
| The Unsuspected Foreign Body as a Frequent Cause of Chronic Bronchitis | *David R. Bowen, M.D.* | 111 |
| Roentgen Ray and Radium in the Treatment of Basal Cell Epithelium | *George M. MacKee, M.D.* | 119 |
| Roentgen Ray Indications for Tooth Extraction | *Byron C. Darling, M.D.* | 136 |
| Gas Gangrene of the Leg due to B. Welchii | *Fred A. Sprague, M.D.* | 145 |
| Mechanics of the Stomach after Gastro-Enterostomy | *John T. Murphy, M.D.* | 148 |
| A Roentgenographic Study of Osteitis Deformans—Paget's Disease | *C. Winfield Perkins, M.D.* | 151 |
| Lung Abscess and Bronchiectasis | *H. Wessler, M.D.* | 161 |
| The Radiator Type of Tube | *W. D. Coolidge* | 175 |
| Some Roentgen Ray Evidence Related to the Etiology of Carcinoma | *Charles L. Martin, E.E., M.D.* | 180 |

| | | |
|---|---|---|
| Localization of Foreign Bodies at the Front | *Charles A. Waters, M.D.* | 188 |
| Report of Case Showing Air Within the Cranial Cavity | *R. J. May, M.D.* | 190 |
| Esophago-Tracheal Fistula | *Isaac Gerber, M.D.* | 191 |
| Discussions of Papers | | 195 |
| Communications from the War Department | | 197 |
| Hemorrhagic Pneumonitis | *John Hunter Selby, M.D.* | 211 |
| Influenza and Bronchopneumonia | *J. A. Honeij, M.D.* | 226 |
| Complications of Influenza from the Roentgenological Standpoint | *Russell H. Boggs, M.D.* | 239 |
| The Caldwell Portable Roentgen Ray Outfit | *C. N. Moore* | 243 |
| Osteomyelitis | *F. H. Baetjer, M.D.* | 259 |
| Coexisting Multiple Lesions as Causes of Diagnostic Errors of Omission | *A. W. Crane, M.D.* | 264 |
| Notes on the Roentgen Ray Work of an Overseas Hospital | *Charles Eastmond, M.D.* | 269 |
| Familial Deforming Chondrodysplasia Multiple Exostoses | *C. S. Gorsline, M.D.* | 271 |
| Hydatid Disease of Bone | *Herschell Harris, M.D.* | 277 |
| Pedunculated Malignant Growths of the Stomach | *George Holmes, M.D.* | 279 |
| Chest Roentgenology in the Selective Service Examination | *W. Warner Watkins, M.D.* | 283 |
| Prostatic Calculi from the Roentgen Ray Diagnostic Standpoint | *Maximilian Hubeny, M.D.* | 286 |
| A Protected Chair for Roentgenoscopy | *Harold Zimmerman, M.D.* | 289 |
| The Camp Greenleaf School of Roentgenology | *Willis F. Manges, M.D.* | 305 |
| Mobile Roentgen Ray Apparatus | *Arthur C. Christie, M.D.* | 358 |
| The Injection of Air for the Roentgen Diagnosis of Tumors of the Bladder | *George E. Pfahler, M.D.* | 371 |
| The Radiological Diagnosis of Transdiaphragmatic Hernia of the Stomach Resulting from War Wounds | *P. Aimé, M.D., and J. Solomon, M.D.* | 376 |
| Rice Bodies in Ankle Joint | *Henry K. Pancoast, M.D.* | 384 |
| Mastoid Stereoroentgenograms Presenting Variations | *Bundy Allen, M.D.* | 385 |
| An Adaptation of the Cross-sectional Anatomy to Localization and a Case in Illustration | *William G. Herrman, M.D.* | 390 |
| Systematic Method of X-Ray Examination of the Bones of the Face and Jaws | | 395 |
| Saratoga Springs | | 399 |
| Bone and Joint Lesions of Yaws, with X-Ray Findings in Twenty Cases | *Herman G. Maul, M.D.* | 423 |
| Pain in the Lumbosacral Region Associated with Congenital Malformation of the Transverse Process of the Fifth Lumbar Vertebra | *André J. Richard, M.D.* | 434 |
| The Value of Radium in Curing Disease, in Prolonging Life, and in Alleviating Distressing Symptoms | *W. H. B. Aikins, M.D.* | 439 |
| Legal Rights of the Roentgenologist as a Witness | *Joseph Friedman, M.D.* | 445 |
| Some Experiments on the Photographic Measurement of Roentgen Ray Dosage | *L. P. Larkin* | 448 |

| | | |
|---|---|---|
| Case of Tuberculosis of the Intestines with a Defect at the Cecum | *Peer M. Lund, M.D.* | 453 |
| Report of a Method of Fluoroscopic Examination with the Army Bedside Unit | *F. F. Borzell, M.D.* | 454 |
| Acute Infectious Arthritis Following Pneumonia | *Peer M. Lund, M.D.* | 457 |
| A Practical Method for Testing the Efficiency of an Intensifying Screen | *Robert T. Morrison* | 458 |
| The Roentgen Study of Visceroptosia | *P. L. Ansell* | 459 |
| Some Effects of Roentgen Rays on Certain Bacteria | *M. W. Perry, M.D.* | 464 |
| The Treatment of Malignancy by Combined Methods | *Russell H. Boggs, M.D.* | 481 |
| Radium Combined with Electrocoagulation, Surgery and Deep Roentgenotherapy in the Treatment of Malignant Disease | *G. E. Pfahler, M.D.* | 488 |
| Rarer Types of Fractures | *Albertus Cotton, M.D.* | 496 |
| Case of Fused Kidneys | *Peer M. Lund, M.D.* | 504 |
| Some Experiments with Coolidge Tubes | *Charles L. Martin, E.E., and George W. Holmes, M.D.* | 506 |
| Significance of Annular Shadows | *William A. Evans, M.D.* | 510 |
| Calcification in Angiomata | *Howard E. Ruggles, M.D.* | 512 |
| Exact Localization of a Foreign Body of Some Length by the Fluoroscope | *J. Kaufman, M.D.* | 514 |
| Discussion of Dr. W. H. B. Aikin's Paper | | 516 |
| Roentgen Ray Study of the Abdominal Organs Following Oxygen Inflation of the Peritoneal Cavity | *William H. Stewart, M.D., and Arthur Stein, M.D.* | 533 |
| Non-Traumatic Epiphyseal Separations | *William A. Evans, M.D.* | 543 |
| Coccidioidal Granuloma | *William B. Bowman, M.D.* | 547 |
| Report of Two Cases of Xeroderma Pigmentosum with Malignancy of the Eyeball Successfully Treated by Roentgen Ray | *G. W. Grier, M.D.* | 556 |
| The Open Method of Surgery in Deep-seated Recurrent Cancer Preparatory to Roentgen and Radium Therapy | *Emil G. Beck, M.D.* | 559 |
| The Relative Absorption of Rays by Skin, Fat and Muscle, as Compared with Various Thicknesses of Aluminum | *G. Warner, B.A.* | 566 |
| Technique of Therapy | *Paul Eisen, M.D.* | 567 |
| Late Results of War Injuries to the Chest | *Henry Janney Walton, M.D.* | 568 |
| Analysis of 1300 Cases Referred for Gastrointestinal Study, with Special Reference to the Importance of Chest Examination of Such Cases | *Thomas A. Groover, M.D., and Arthur C. Christie, M.D.* | 571 |
| Some Observations on the Radiographic Findings in a Series of Chests Examined at a Base Hospital in France | *Francis F. Borzell, M.D.* | 573 |
| Malignant Disease of the Lungs, Its Early Recognition and Progressive Development, as Studied by the Roentgen Rays | *G. E. Pfahler, M.D.* | 575 |
| A Roentgenologic Study of Metastatic Malignancy of the Bones | *A. B. Moore, M.D.* | 589 |

| | | |
|---|---|---|
| Myxoma of Bone with Report of a Case of Myxochondro-Sarcoma of the Femur | *Albertus Cotton, M.D., and Standish McCleary, M.D.* | 594 |
| Dislocation of the Innominate Bone | *John T. Murphy, M.D.* | 601 |
| Arithmetical Computation of Roentgen Dosage | *George M. MacKee, M.D.* | 602 |
| A Consideration of the Treatment of the Diseases of the Thyroid with Special Reference to the so-called Hyperthyroidism | *John A. Lichty, M.Ph., M.D.* | 608 |
| Treatment of Goiter by Radiation | *Russell H. Boggs, M.D.* | 613 |
| The Early Roentgen Diagnosis of Ulcerative Tuberculous Colitis | *Lawrason Brown, M.D., and Homer L. Sampson* | 625 |
| Teleroentgenology of the Head | *P. M. Hickey, M.D.* | 641 |
| A Safety Device for X-Ray Tubes | *George C. Johnston, M.D.* | 643 |
| Multiple Myeloma of Bones | *William A. Evans, M.D.* | 646 |
| Index | | 655 |

EN ROUTE TO THE X-RAY ROOM.
